

Monday 3 October

We are excited to meet Year 6 parents and carers this week at our Open Evening. If you have not already made contact with the school, through your child's primary school if a member of one of our feeder schools or through the school office if coming to us from further afield, then please do so. Contact should be made with Mrs Norman. Please feel free to telephone us or contact via email jnorman@debenhamhigh.co.uk Our Open Evening includes a chance to sample our catering, taking in dinner in our canteen before exploring the school with our Year 7 guides. At the end of the evening there will be a talk from me on why I consider it to be a privilege to lead such a fabulous community. The evening starts at 5.00 and will finish by around 8.15p.m. Parents and carers are also welcome to see the school in action during the daytime. I have shown a number of parents and their children around already this term and know that seeing as at our daily business is a good way to understand the strengths of the school.

We pray that the fine weather of last week holds for our Year 9 Geography fieldtrips this week on Tuesday and Friday. Students will be investigating to what extent Aldeburgh is an example of a honeypot site. I understand from previous excursions that this also requires students and staff to sample the chips and ice-cream!

If you are a Year 10 parent or carer and missed the information evening last week please make sure that you view the booklet that was shared with parents and the presentation from the evening. To see how the GCSE courses are structured and top tips for success please **click here**. To see the overview from the evening please **click here**. If you have any queries after digesting these, or from attendance at the evening then, as always, please do not hesitate to contact us.
