

Monday 10 July

We could not have wished for better weather for our Summer Concert and Bard in the Barn at Crow's Hall on Friday and Saturday. Watch this space for pictures from the event, very kindly taken by governor Mr Grover.

Year 10 students have departed for their work experience fortnight, as well as many who on Sunday night departed for Berlin where they look forward to exploring areas of historic, artistic and religious significance. Next week a different group of Year 10 students head to Iceland for the geography field trip of a lifetime.

This week we celebrate the sporting success of students across the year in our Sports Awards Evening on Wednesday. The evening starts at 7.15pm and students who are receiving prizes are reminded that they should wear uniform for the evening. There has been much excitement since the nominees for each category were posted in the Covered Way. In Oscars style, the winners of Bronze, Silver and Gold will be announced on the evening.

On Wednesday we welcome two new visitors to the school, firstly we welcome Reverend Bates, the new incumbent for the parishes, as she visits the school for the first time. Also on Wednesday we welcome our Year 6 students for their final liaison day. Students will enjoy lessons and lunch, exactly as they would in September.
