

Monday 19 June

Year 11 students have been tackling their GCSE examinations with dedication and many students have now completed their exams and have been able to enjoy the weekend sunshine. Around half of them still have some examinations this week, with the last and most challenging of the Triple Science papers. Good luck to all those still studying and well done to those who finished on Friday.

This week Year 8 students get out and about on their Geography fieldtrip as they explore their subject in action.

On Monday afternoon we welcome some of our future Year 7 students as those who are joining us from beyond catchment or from small primaries take part in an afternoon of activities to get to know the school and each other better.

Make a note in your diary, as this week we enter in earnest into our preparations for Sports Day and our Summer Production. Parents and carers are welcome to join us on Sports Day, planned for Wednesday 28 June, please click on the links for further information on the schedule for the day and opportunity to indulge in the BBQ lunch. On Friday 7 and Saturday 8 July, we have our summer drama and music production, once more in the beautiful setting of Crow's Hall. This year our chosen play for the Bard in the barn is *The Tempest* and students are rehearsing with increasing intensity as we approach this date.
