

Monday 14 May

I wish good luck to all our Year 11 students, though in doing so know that the work that they have put in will be reflected in their results. I know that many will be feeling nervous this week, as they start their GCSEs in earnest, but they need not be. Year 11 have been working incredibly hard and I know that they will earn the fruits of their labour. For the full examination timetable please **click here**.

Congratulations to all Year 10 students who have been selected as prefects for the year ahead. Students have been selected for their hard work ethic, sense of community, empathy and the responsibility that they have shown throughout their time at Debenham High School. Students will be formally invested to their roles in front of the whole school at the whole school assembly after half-term. This week, those students who have been nominated for Head Boy or Girl will have an interview with myself, Mrs Thomas and some students from School Council.

Good luck to the Year 8 boys playing in the Football County Final this Tuesday at Needham Market Football Club, 3pm kick-off. Parents and carers are welcome to come along and support the end to a brilliant season.

On Friday, Year 9 students who are studying History next year, head to the battlefields of Northern France to start to contextualise the learning that they will do in their GCSE studies. Also off on their travels, let's hope the weather is set fair, as Duke of Edinburgh Bronze Award students set out on their practice expedition, starting at Aldeburgh and ending (hopefully) at Walberswick.
