

Monday 18 June

The weather was perfect for the Bronze Duke of Edinburgh Expedition. Arriving back at school during the afternoon, there were some sore feet and tired students, but a great deal of fun was had over the weekend. Despite the occasional unintentional detour, all arrived back safely!

On Thursday this week Year 8 students head to Coventry to visit a range of places of worship; students will visit a mosque and St Michaels, Coventry Cathedral. Of course the site of the new and old Coventry Cathedral, the original bombed heavily in the Second World War, gives students the chance to connect History to RE, as they visit the Cross of Nails and contemplate the true meaning of forgiveness.

Make sure you get your ticket to our Summer Drama and Music event. Once more at the Tudor Manor House and Barn of Crow's Hall but this year we present a montage of music, dance, poetry and drama which commemorate 100 years since the end of World War 1. There are two performances, both on Saturday 7 July, a matinee starting at 2.00pm and the evening performance at 6.00pm. You are invited to bring a picnic to eat in the grounds of the house, whilst our musicians entertain you, before moving into the barn for the dramatic performances.

On Monday, we welcome to the school Alex Mhunda, a visitor from Kagera, the link to our parish in Africa. He will spend time talking with some Year 7 students as well as having a tour of the school.
