

Monday 30 October

I hope that all those connected with the school managed to make the most of the autumnal sunshine last week. This week we return with continued hope for the rest of the Autumn Term.

In the coming weeks we will have some disruption in school as we complete the build of our new Drama Studio. This will mean a few classes are moved to different spaces and our assembly schedule will have to double up year groups to use all available spaces. Thanks to all for your forbearance, we know it will be worth the wait!

On Wednesday evening we welcome Year 11 students with their parents and carers for their Parents' Evening in preparation for their mock examinations later in the term. Please [click here](#) for a copy of the examination timetable.

This week brings around the newly arranged fortnightly visit of our new local vicar, Reverend Susan Bates. As well as leading assemblies and contributing to the Christian character of the school, Reverend Bates is establishing a chaplaincy role, commencing with visits to the school every Wednesday lunchtime to talk to students and staff. Any student is very welcome to chat to Reverend Bates as she gets to know the school community.

Finally, please do not hesitate to contact us if you are applying to the school for a place in Year 7 for September 2018 before the 31st October 2017 deadline. Mrs Norman at the school office will be happy to take any enquiries.

Julia Upton
