

Monday 18 March

This week we welcome Year 8 parents and carers for the Year 8 Parents' Evening. Students should be making appointments with their teachers in their log books.

On Tuesday students in Year 7, 8 and 9 will enjoy a live performance in French. The touring company will involve students in a live performance.

On Monday 25 March Year 10 students will start their written mock examinations. This will give them a good indication of how they have started their GCSE courses this year and identify next steps for their continued progress as they head towards the end of the first year. As part of their mock examination series Year 10 Art students will undertake their mock practical examination this week.
