

Monday 9th November 2020

It has been really nice to have a bit of better weather this week and students have been enjoying the more pleasant temperatures at break times this week.

I wanted to thank parents for their support in moving so quickly to the news which we received at 4.30pm on Thursday afternoon that all students and staff are expected to wear masks in communal areas within school.

All students have come in meeting the new requirements with good grace and an acceptance that we are all doing the right thing to help the other members of our school community. There are a small number of students who are exempt from wearing masks and students have been very respectful of this.

On Thursday we wrote to you to explain that we were having to curtail all extra-curricular activities, today there has been some clarification on this and I am very pleased to say that activities which are educational can happen after school and as such we are going to continue to run the after school sessions for Year 11, these include revision sessions, 1:1 work as well as homework club.

We have this week had our first virtual parents evening which was very successful and a good way to still have contact with parents in a more personal manner. We will continue to use this method for our parents evenings with Year 9 on the 9th December the next one in the calendar.

Best Wishes
Simon Martin
