

Monday 9th May 2022

Last week in school saw some notable successes for our school community. Firstly the Under 14 Girls football team, made up of Year 8 & 9 girls who won the County Cup at Needham Market beating Copleston 3-0.

The same week our Under 13 girls made up of Year 8 came runner up in their County Cup final. These achievements are really fantastic considering the size of our school compared to some others in the competition, my congratulations to all of the students involved in these competitions.

Our winner of the school book mastermind Lucy West went to the County finals at The Hold in Ipswich and although Lucy didn't win the competition she performed excellently and with the two runners-up had the opportunity to take part in a really enjoyable afternoon.

We will be talking to our students this week about students from Ukraine joining our school community. We have welcomed one student this week and as ever I have absolutely no doubt that our students will demonstrate their care and compassion for everyone in our community and I hope that as a community we can do our own small part in helping our guests in such awful circumstances.

With warmest wishes

Simon Martin

For the entire law is fulfilled in keeping this one command: "Love your neighbour as yourself."

Galatians 5:14
