

Monday 31st October 2022

This week has seen the return of students to school following the half term break. Our Year 11 had a very successful trip to Paris to visit galleries and workshops and although a very packed trip it gave students a real taste of Parisian Art and Textiles.

Over half term the Year 10 students taking part Young Enterprise came in to make and prepare more of their items which they will be selling at Christmas Fairs in December. Take a look at our Twitter feed to see them in action.

Next week, as part of our Remembrance Day commemorations, we will take Year 9 & 10 students down to St. Mary's Church for a Remembrance Service. As part of this event we will ask our students to tell us about any members of their families who served and fell in Wars both then and more recently. If anyone has a name of a member of their family they would like read as part of this list please do get in touch.

Finally, as ever, a reminder to all of our students as the winter sets in to take care and make themselves as visible as possible on their journey to and from school.

Best Wishes

Simon Martin

The memory of the righteous is blessed,

Proverbs 10:7
